OVERVIEW

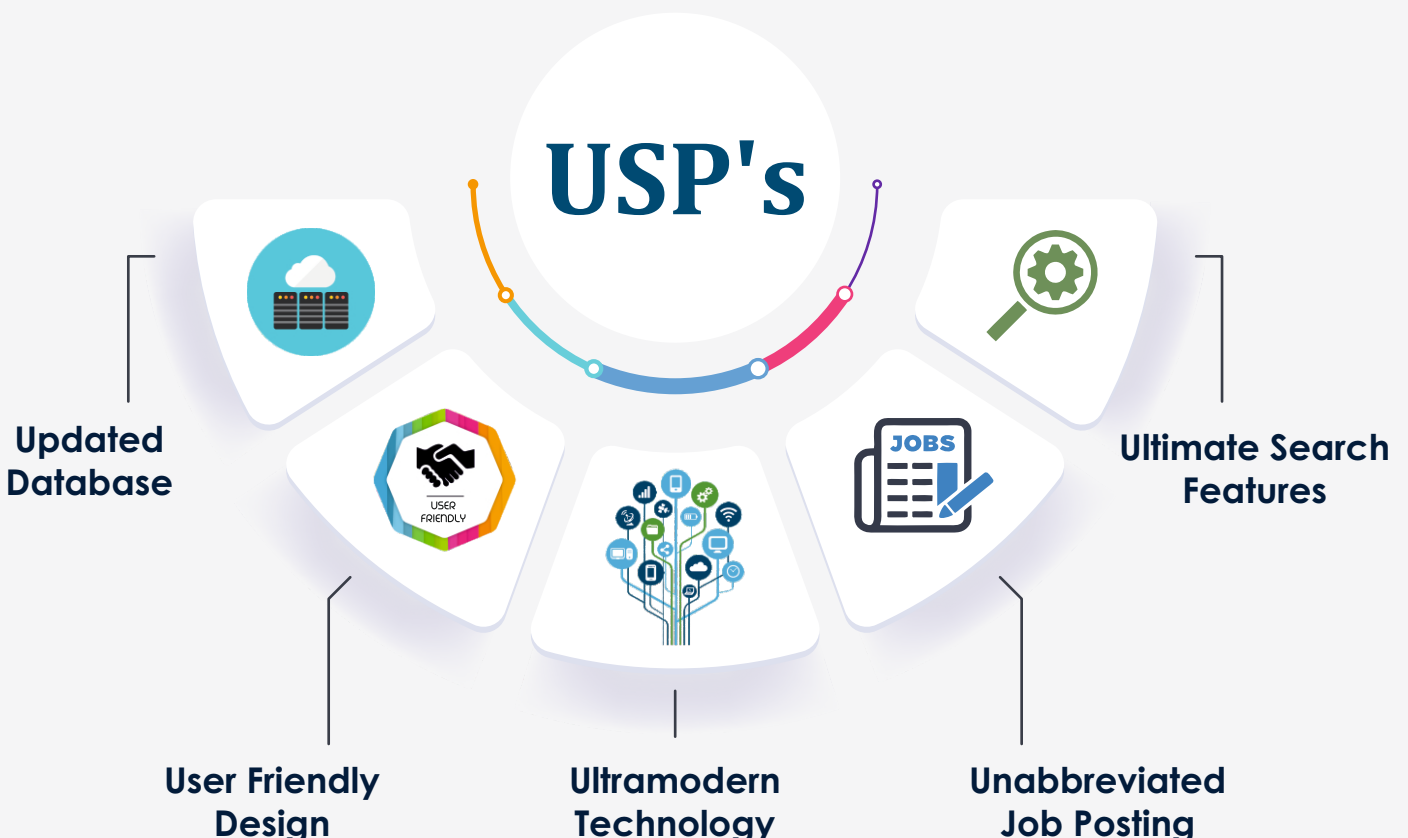

○ EMPLOYAM (Exploring Experiences)

A precious job portal for senior positions

We present our Job Portal “EMPLOYAM” for premium jobs, which caters mainly to the senior strategic positions. Employam bridges the gap between employers and job seekers. Through Employam job portal we have created a platform which strategically brings together employers and job seekers for desired positions with the help of amicably planned and incorporated database.

EMPLOYAM lead an organization to several means of getting well-experienced and skilled candidates. Through EMPLOYAM, all your processes of hiring having several forms can be streamlined by automation tools very quickly. While filling a job vacancy, an organization can select the boundaries to source the candidates as required.

To search for a good talented candidate for your organization with all the skills and knowledge is something you need to go beyond just social media. With all the human resources being at the top for all the business expenses, it is important to start prioritizing your recruitment process. EMPLOYAM helps you with settling down to all your recruitment needs, priorities, and problems. The EMPLOYAM (www.employam.com) is owned, operated and maintained by M/s. Advantage Intellect Private Limited.
